Certifications and Licenses

MERN From Scratch

Present

Built a full-stack eCommerce platform using MongoDB, Express, React, and Node.js. Covered authentication, product management, cart functionality, and payment integration.

Tailwind CSS From Scratch

Present

Gained hands-on experience with Tailwind CSS through project-based learning. Focused on utility-first design, responsive layouts, and performance optimization.

Bootstrap 5 From Scratch

Present

Mastered the fundamentals of Bootstrap 5, including responsive design, grid systems, utilities, and components for building modern web layouts.

Next.js From Scratch

Present

Learned Next.js fundamentals and advanced concepts including file-based routing, API routes, server-side rendering (SSR), and full-stack project deployment.

Next.js 14 & React - The Complete Guide

Present

In-depth training on React and Next.js 14, including the new App Router, server components, caching strategies, authentication, and building scalable applications.

The Web Developer Bootcamp

July 2023 to Present

Comprehensive full-stack development course covering HTML, CSS, JavaScript, Node.js, Express, MongoDB, and RESTful API development.
